OFFICE OF THE STATE FIRE MARSHAL 75-01-01

MISSION

Ensure the citizens and visitors of Delaware a fire and explosion safe environment.

KEY OBJECTIVES

- To eliminate the loss of life and reduce injuries from the threat of fire by:
 - Suppressing arson;
 - Investigating all fire incidents to make an accurate determination of cause;
 - Providing thorough and complete supporting documentation of the investigative process;
 - Pursuing, apprehending and convicting those responsible for arson incidents;
 - Providing victim assistance in the aftermath of a fire; and
 - Disseminating findings to increase public awareness of fire and life safety issues.
- To maintain the highest levels of life safety in educational, health care, places of assembly, business, mercantile and institutional occupancies by:
 - Providing consistent, thorough and accurate compliance inspections and life safety surveys;
 - Attaining compliance with the State Fire Prevention Regulations through educational endeavors, carrying out inspection and survey programs which identify hazards to life safety and property conservation, and providing technical assistance to achieve corrective action; and
 - Responding to the needs and inquiries of the citizens of the state by taking action on their complaints and inquiries within 48 hours.
- To provide timely and quality service in the Plan Review and Approval Program, Fire Protection Systems Certification and Licensing Program, and Quality Assurance Program for Fire Protection Systems by:
 - Providing complete, accurate and timely reviews of project submissions, with preliminary approvals sent out within 72 hours, and

completion of the full review process within 15 days;

- Providing assistance to clients for understanding the technical requirements of the State Fire Prevention Regulations required for their projects; and
 - Ensuring that required fire protection systems are tested, inspected or maintained.
- Enhance the level of public awareness regarding fire prevention and life safety by:
 - Increasing public appearances and dissemination of fire safety information;
 - Reducing the loss of life and property for all citizens with a special emphasis on individuals with disabilities and adolescents who play with matches, lighters, or cause fires; and
 - Educating citizens and visitors of Delaware about fire safety.
 - Report, analyze and disseminate fire incident statistical data from the 61 fire departments in the state.

BACKGROUND AND ACCOMPLISHMENTS

The State Fire Marshal's Office operates under the direction of the State Fire Prevention Commission, which reports directly to the Governor. The office serves as the lead statewide investigative and law enforcement agency charged with investigating fire incidents and suppressing arson. The State Fire Prevention Regulations, as promulgated by the State Fire Prevention Commission, are the basis for the life safety inspections and property conservation surveys carried out by the State Fire Marshal's Office. Such inspections and surveys impact nearly all of the occupancies and buildings frequented by the public. Single-family dwellings are exempt from the provisions of the State Fire Prevention Regulations.

The State Fire Marshal's Office provides regulatory control in the areas of explosives, fireworks, amusement rides, places of assembly, health care facility certification and a variety of hazards such as flammable liquids and LP-gases.

The Technical Services unit of the Fire Marshal's Office provides the plan review and approval process for new construction, alterations and renovations of all buildings. Such an approval is required to be in place prior to counties issuing a building permit. Certification and licensing fire alarm system vendors and contractors provide a mechanism to ensure a level of quality control

in the design, installation and operation of required fire protection systems.

In recent fiscal years, the following initiatives have been successfully completed or are in progress:

- Implemented on-going education campaign to ensure that all residential occupancies have the basic minimum detectors to enhance survival levels in the event of a fire;
- Provided over 10,000 smoke detectors to needy citizens of Delaware with assistance from local fire departments in the Wake-up Delaware Campaign;
- Provided services to families, through the Juvenile Firesetter Intervention Program, for juveniles who play with matches, lighters, or cause fires;
- Reduced the number of overdue Certificate of Inspections by 30 percent from Fiscal Year 2002 to Fiscal Year 2004 through the Quality Assurance Program for the Fire Protection Systems;
- Increased accounts receivable revenue collected for Certificate of Inspections by 80 percent from Fiscal Year 2002 to Fiscal Year 2004 due to new certificate submission procedures;
- Implemented the Major Incident Response Team (M.I.R.T) for all fatal fire incidents in the state using experienced investigators who apply a consistent and thorough approach to the investigation;
- Placed Gas Chromatograph-Multi Spectrometer laboratory instruments in service in the State Forensic Laboratory with the cooperation of the Chief Medical Examiner to permit the analysis of fire scene debris for all fire investigation and law enforcement agencies throughout Delaware, providing a vital link in the successful prosecution of criminal fires;
- Continued life safety inspections for all facilities of the Department of Correction and all schools; and
- Monitored the installation of sprinkler systems in all student dormitories and student residential housing statewide, due to be completed in 2007.

STATE FIRE SCHOOL

75-02-01

MISSION

The mission of the State Fire School is mandated by 16 Del. C. §6613 to 6618 and instructs the Delaware State Fire School to:

- Provide firefighters with needed professional instruction and training at a minimum cost to them and their employers;
- Develop new methods and practices of firefighting;
- Provide facilities for testing firefighting equipment;
- Disseminate information relative to fires, techniques of firefighting, and other related subjects to all interested agencies and individuals throughout the state; and
- Undertake any project and engage in any activity which, in the opinion of the State Fire Prevention Commission, will serve to improve public safety.

On July 1, 1972, the State Fire Prevention Commission was also given the mandate under 16 Del. C. §6708 to 6714 to regulate the ambulance service in Delaware. The commission assigned the State Fire School the duties of inspecting and licensing ambulances and training and certifying ambulance personnel.

KEY OBJECTIVES

- Provide firefighters, ambulance and rescue personnel with necessary professional instruction and training.
- Certify and re-certify Delaware emergency medical technicians.
- Inspect and license public and private ambulances.
- Provide agency, institutional and industrial personnel and the general public with necessary professional instruction and training.
- Disseminate information relative to fires, techniques of firefighting and other related subjects to all agencies and individuals throughout the state.
- Develop new methods and practices of firefighting.
- Provide facilities for testing firefighting equipment.
- Provide fire and Emergency Medical Services (EMS) personnel with the necessary training to combat weapons of mass destruction and terrorism.

FIRE PREVENTION COMMISSION

75-00-00

BACKGROUND AND ACCOMPLISHMENTS

In order to more effectively manage the State Fire School's training and education program, services for specific target audiences have been identified: (1) program services for firefighters and fire officers; (2) program services for ambulance and rescue personnel; and (3) program services for state agencies, institutions, industrial personnel and the general public.

Since its inception in 1964, the State Fire School has been sensitive to the need for quality training and education in fire protection. As the demand for programs and services increases, so does the need to select and qualify additional instructional personnel.

Strong emphasis is placed on improving the instructor development program for part-time personnel. Instructor candidates are trained in instructional methodology and then trained to teach specific subject areas. Active instructors are cross-trained in high priority subject areas to help the school meet its program service demands as well as improve the individual's professional ability. All instructors are required to attend improvement seminars as scheduled by the Fire School in order to maintain their certification.

Continued emphasis is placed on planning and evaluation. Existing courses of instruction are reviewed and revised to ensure their content is current and consistent with new concepts and techniques.

In addition to conducting the normally scheduled activities and meetings, and honoring special requests for programs and services, progress continues to be made towards improving program quality. Emphasis is placed on improving program management and cost analysis to improve cost effectiveness.
