Operating Budget Guidelines

General

Door Opener Requests

Door opener requests from agencies are due August 15, 2016. These requests are not included in the 1 percent growth figure. For Fiscal Year 2018, the Office of Management and Budget will consider the following items to be door openers:

- 1) Annualizations;
 - Remaining portion of positions and programs that were partially funded in the previous fiscal year.
- 2) Operating and Personnel Costs of new facilities or new information technology (IT) systems coming online in Fiscal Year 2018; and
 - New facilities funded via the capital budget that are completed mid-fiscal year and require operating funding for energy, maintenance, contractual services, etc.
 - New IT systems that have recently been completed and require operating funding for maintenance, licensing, etc.
- 3) Growth in entitlements.
 - Medicaid service demands; enrollment growth in public schools.

Please complete the Budget Request Form included in the Exhibits and Forms section of these guidelines to explain door opener requests. Any change in the estimated cost of door openers after Target meetings must be discussed with your Fiscal and Policy Analyst, prior to submitting your budget request.

Budget Request Target

The Office of Management and Budget will meet with agencies during September of this year to discuss funding issues for the upcoming fiscal year and develop a mutually agreed upon General Fund budget request target. This value represents the maximum level of funding an agency may request. This process applies to Cabinet agencies only; however, meetings are held with most agencies. Cabinet agencies will be held to zero complement growth for Fiscal Year 2018.

The budget request target is calculated using the following equation:

$\text{Fiscal Year 2017 Base Budget} + \text{Fiscal Year 2017 Salary/OEC contingency within the Office of Management and Budget} + \text{Door Openers} + \text{Target Growth Percentage (1\%)} = \text{Fiscal Year 2018 Budget Request Target}$

Organizational Structure Changes

Requests to change an agency's organizational structure from the way it is reflected in Section 1 of the budget bill must be discussed at Target meetings and receive the approval of the Office of Management and Budget, prior to the agency's budget submission. Organizational structure changes include APU and IPU name changes, deletions and additions. These permanent changes should be required to meet the operational needs of the agency. A detailed explanation of the required changes will be required with submission. Agencies should only submit requests for organizational structure changes during the Governor's Recommended phase of the budget process.

A form to provide details of the proposed organizational structure changes is included in the Exhibits and Forms section of these guidelines.

All requests for organizational structure changes must be submitted to your Fiscal and Policy Analyst by August 15, 2016. Agencies with no changes should return the signed form by August 15, 2016, noting no changes requested.

Additions/Reductions Lists

Agencies shall submit a list of policy/program initiatives less than or equal to 1 percent of their Fiscal Year 2017 appropriation (excluding One-Time Items) to be considered, should revenue estimates increase. This list represents the Target growth percentage and is in addition to any allowable door openers. This 1 percent should also be included in the FSB budget entry.

Agencies shall submit a supplemental reduction list equal to 1 percent of their Fiscal Year 2017 appropriation (excluding Personnel Costs, Energy and One-Time Items) to be considered, should revenue estimates decrease. This list must be composed of **achievable and reasonable budget reduction initiatives** and must identify impacts to service. Reductions should not include reallocation of cost to other agencies.

Reallocations

All budgetary reallocations should be identified and discussed with your Fiscal and Policy Analyst, prior to submitting your budget request. Agencies should consider the following items:

- For data entry purposes, reallocations take place in service level 3, Structural Changes.
- All reallocations must net to zero within their fund type.
- Energy cannot be reallocated without written approval from the Office of Management and Budget. Please refer to the Energy section of this document for additional guidance regarding the reallocation of energy funds.
- Reallocations involving multiple agencies must be communicated with the impacted agencies, as well as the appropriate Fiscal and Policy Analysts, prior to submission. All impacted agencies shall include any mutually agreed upon reallocations as part of their Fiscal Year 2018 budget requests.
- Reallocations should take place during the Governor's Recommended phase of the budget process. During the Mark-Up process, agencies should only

submit requests for position movements that take place mid-year and need to be reflected in the final budget.

- A written justification should be provided to explain all requested reallocations.

Consolidation/Efficiency Areas

In an effort to continue to make government more efficient, each Cabinet agency shall formulate a proposal, which identifies cost-savings measures, redundancy of programs and/or assesses the effectiveness of long-standing programs. This may include areas to reduce or repurpose positions. Consolidation of programs across multiple agencies shall be considered. The Office of Management and Budget will review these proposals as part of the budget process.

Pass Through Epilogue Requirements

In accordance with Section 26 of the Fiscal Year 2017 Operating Budget, agencies with “pass throughs” shall incorporate into their budget request a report detailing pass through organization funding, performance and service delivery options.

The agency should submit a recommendation regarding continuation of funding.

Service Levels

Fiscal Year 2018 budget requests will consist of five service levels.

Budget Request Forms are required (General Fund and Appropriated Special Funds) for requests under service levels 1, 2, 4 and 5.

Any positions included in service levels **must** be accompanied by position titles as reflected in PHRST, position numbers, appropriations and pay sections.

Base Adjustments (Service Level 1)

The base budget reflects 100 percent of the Fiscal Year 2017 budget plus the Salary/OEC contingency within the Office of Management and Budget.

For Fiscal Year 2018, base adjustments shall include:

- Fiscal Year 2017 Salary/OEC contingency;
- Annualizations of positions, programs and facilities;
- Delaware State Clearinghouse Committee approved position changes for Fiscal Year 2017;
- Positions reallocated or switch funded to meet critical workforce needs (Section 11 Memo) during the fiscal year;
- Non-Appropriated Special Fund (NSF) changes;
- All prepared reductions not deemed as reallocations or structural changes; and
- Revenue adjustments.

Please complete the Budget Request Form included in the Exhibits and Forms section of these guidelines to explain your agency's request.

Inflation/Volume Adjustments (Service Level 2)

Service Level 2 is used for requesting cost and quantity increases as reflected in the paragraph below.

Budget requests at this service level should be considered critical to the continued operation of the agency. The methodology behind requests at this level **must** be explained (projected caseload increases, embedded contract inflator, etc.). New positions, expansion of existing programs or establishment of new programs should not be requested at this service level. The target growth figure provided to your agency should cover any general, non-specific inflation. Growth in entitlements would typically fall in this level.

Please complete the Budget Request Form included in the Exhibits and Forms section of these guidelines to explain your agency's request.

Structural Changes (Service Level 3)

Service Level 3 is used to reallocate funding and/or positions within or between budget units and/or agencies.

Any positions included in structural changes **must** be accompanied by position titles as reflected in PHRST, position numbers, appropriations and pay sections. Structural changes involving multiple agencies must be communicated with the impacted agencies, as well as the appropriate Fiscal and Policy Analysts, prior to submission. All impacted agencies shall include any mutually agreed upon reallocations as part of their Fiscal Year 2018 budget requests. **All structural changes must net to zero by fund type. Switch funds are not structural changes; any requests to switch fund should be done in the base adjustment service level.** If a position is both reallocated and switch funded, please contact your Fiscal and Policy Analyst for submission instructions.

Enhancements (Service Level 4)

Service Level 4 is used for agency/department requested expansions of current programs and activities or for the establishment of new programs and activities.

Enhancements **must** fall within the agency target figure.

Program requests at this level should reflect actual dollars to be used in Fiscal Year 2018.

Requests for General Funds to supplant federal budget reductions are to be prioritized within the agency's request for enhancements. These requests are to be identified as previously federally funded.

Requests for General Funds to support positions that were previously federally funded **must** be accompanied by position titles, position numbers, appropriations and pay sections.

If a request results from a prescribed federal or state mandate, this should be noted and prioritized accordingly. Please work with your assigned Fiscal and Policy Analyst to identify potential changes to federally funded programs within your agency.

Please complete the Budget Request Form included in the Exhibits and Forms section of these guidelines to explain your agency's request.

One-Time Items (Service Level 5)

Service Level 5 is used for requesting non-recurring expenditure items.

One-Time Items must be requested within the agency target figure. These items must be clearly defined, and any relation to other program requests in previous service levels should be identified. Approved One-Time Items will be reflected in the Office of Management and Budget's Contingencies and One-Time Items and thus will not be reflected in the agency's base.

Please complete the Budget Request Form included in the Exhibits and Forms section of these guidelines to explain your agency's requests. No Appropriated Special Funds (ASF) One-Time Item requests are permitted. Please see the ASF section below for additional clarification.

Appropriated Special Funds

All ASF requests must include the same level of detail and documentation as General Fund requests, which shall include submitting Budget Request Forms for ALL ASF requests.

ASF budget requests must be based on estimated collections from existing fees and/or projected carryover balances. If ASF requests exceed estimated collections and/or carryover balances, documentation explaining the funding mechanism must be provided.

Any requests associated with fee increases and/or the implementation of new fees that require legislative approval may not be included without prior approval of the Office of Management and Budget.

Any ASF requests for One-Time Items must be requested as a base adjustment, inflation and volume or enhancement as appropriate. If the request is included or approved in the budget, the authority will then be reduced the following budget year. ASF requests occurring in Service Level 5 as One-Time items will **not** be permitted.

Appropriation Line Instructions

An enhanced capability to budget appropriations by account is available in FSB. Agencies are strongly encouraged to take advantage of this capability to accurately budget appropriations by account to reflect actual expenditures.

Personnel Costs

Base adjustment figures should not include a salary increase for Fiscal Year 2018. Salary policy for Fiscal Year 2018 will be determined during the recommended

budget phase. Cabinet agencies shall have zero complement growth in their Fiscal Year 2018 budget request. For new position requirements, agencies are directed to address those needs by reallocating existing resources.

The following items should be considered when estimating personnel costs:

- **New Positions**

For Fiscal Year 2018, there will be no new position growth.

- **Casual/Seasonal Employees**

29 Del. C. § 5903(17) defines the acceptable categories of casual/seasonal employment. Any use of casual/seasonal employment that falls outside one of these defined categories must be approved by the Director of the Office of Management and Budget and the Controller General. Casual/seasonal employment must be restricted to less than 30 hours per week unless approved by the Director of the Office of Management and Budget and the Controller General.

- **Position Control Spreadsheets**

In order to facilitate the configuration of PHRST for Fiscal Year 2018, the following information is required when requesting position reallocations, position reductions and/or switch funding of positions:

- Department ID (Dept/APU/IPU);
- Pay Section;
- Appropriation;
- Funding Source; and
- Position Title and Number (if applicable).

In the Exhibits and Forms section of the guidelines a template to reflect position adjustments has been provided. **Please complete this as part of your FSB entry, on or before October 7, 2016 and submit to your Fiscal and Policy Analyst.**

Please refer any questions to your Fiscal and Policy Analyst.

Other Employment Costs

When developing department budgets, the following rates should be applied:

- **FICA - Employer's Share**

The maximum withholding is currently calculated on \$118,500 earnings at a rate of 6.20 percent (.0620).

FICA data should be entered into FSB account 52006.

Note: Uniformed State Police, Senate and House members are exempt from Social Security contributions.

- **Medicare Tax - Employer's Share**

Employees subject to FICA tax above, State Police, House and Senate members and agricultural extension agents hired or elected after March 31, 1986, are subject to the Medicare tax of 1.45 percent (.0145).

Medicare tax data should be entered into FSB account 52016.

- **Workers' Compensation**

The Workers' Compensation rate is 1.45 percent (.0145). This rate should be applied to all salaries, including casual/seasonal salaries.

Workers' Compensation should be entered into FSB account 52005.

- **Unemployment Insurance**

The Unemployment Insurance rate is 0.11 percent (.0011). This rate should be applied to all salaries, including casual/seasonal salaries.

Unemployment Insurance data should be entered into FSB account 52009.

- **Pensions**

The pension cost calculation is 22.28 percent (.2228) of salary. This rate will be applied to all salaries, except for those listed below:

- **Casual/Seasonal**
- **Substitute Teachers**
- **House and Senate Attachés**
- **Board Members** (*unless employed under Pension Rules and Regulations*)
- **Uniformed State Police** - 25-year-plan member's rate is 21.25 percent (.2125)
- **Judges** - The pension cost calculation for judges is 28.70 percent (.2870)

- **Health Insurance**

The average Health Insurance cost for Fiscal Year 2018 is projected to be \$13,938 per Full-Time Equivalent (FTE).

Energy

For purposes of preparing the agency's budget request, assume the same dollar appropriation for Energy as contained in the Fiscal Year 2017 budget. Adjustments may be made during the recommended budget phase; however, may not be reallocated without approval from the agency's assigned Fiscal and Policy Analyst. All requested adjustments to Energy must be accompanied by appropriate documentation, and the need for such an adjustment communicated to the appropriate Fiscal and Policy Analyst.

Supplies and Materials/Capital Outlay

Supplies and Materials will include items costing \$1,000 or less and those with a useful life of one year or less, regardless of cost. Capital Outlay will only include items costing in excess of \$1,000 with a useful life of more than one year.

In instances where specific accounts may not exist in Supplies and Materials (56000 series), please use account 56000.

When requesting items, indicate either "initial purchase" or "replacement."

For clarification purposes, Capital Outlay, as used in the budget process, should not be confused with "fixed assets." The term "fixed asset" is used for reporting purposes and is not directly related to the budget process.

Please note that computers, library books and movable furniture should be included under Supplies and Materials, Capital Outlay or One-Time Items and **NOT** in the capital budget request.

Minor capital improvements (MCI) and equipment appropriations are currently funded in the capital budget. For Fiscal Year 2018, requests for MCI funding should be structured in accordance with the capital budget instructions contained in this handbook.

Special Appropriations

Special appropriations are those appropriations that fall outside the seven major operating appropriations (Personnel Costs, Travel, Contractual Services, Supplies and Materials, Energy, Capital Outlay and Debt Service). In the FSF system, the term for these appropriations is "programmatic."

An enhanced capability to budget special appropriations by account is available in FSB. Agencies are **strongly** encouraged to take advantage of this capability, particularly for those special appropriations which are expended, in part, for Personnel Costs. Please contact your Fiscal and Policy Analyst for assistance when requesting the addition of new special appropriations in FSB or if there are questions about this capability.

Information Technology Requests

The Department of Technology and Information's (DTI) Internal Technology Investment Council (iTIC) was established by the State's Chief Information Officer to

provide a forum for cross-team assessment of proposed technology related Business Cases. Business Cases are reviewed with specific consideration given to the proposed project's feasibility, risk and suitability, as well as its overall compliance with stated and de-facto technical standards and guidelines. Specifically, iTIC is interested in leveraging existing IT investments through collaborative solutions. The Office of Management and Budget will provide support to iTIC/Technology Investment Council (TIC) in their assessments of agency requests.

In order to be considered for funding, technology requests submitted to iTIC must also be included in an agency's Fiscal Year 2018 budget request. Technology budget requests must be within the agency's target growth figure and be prioritized in relation to all other budget requests. The Office of Management and Budget will use the list of iTIC/TIC approved projects as a starting point for determining which projects to include in the Governor's Recommended Budget for Fiscal Year 2018.

DTI utilizes a business case methodology to provide agencies the opportunity to describe and justify each request. An IT Business Case submission must be completed for each project requested within the operating budget request target figure or the capital budget request using the Project Portfolio System (PPS). A printed copy of the Business Case's draft financial plan and work detail must be included in the operating or capital budget request. Agencies who have questions related to the submission of the Business Case should contact their DTI Customer Engagement Specialist, listed at:

<http://extranet.dti.state.de.us/information/pmo/cet-assignments.shtml>.

iTIC Membership

iTIC consists of the following voting members representing the primary disciplines within the State, including DTI's Application Delivery, Systems Engineering, Telecommunications, Project Management, Data Center and Operations teams, as well as the Architecture Review Board, Security Office and DTI's Controller. In addition, the Government Information Center and a member of the Information Resource Management (IRM) Council are represented on iTIC.

Other active participants in the iTIC process include the DTI Customer Engagement Specialists, additional representatives from DTI, and oversight from the Office of Management and Budget.

What are the iTIC Recommendations?

After considering the information available and submitted through the Business Case process, iTIC will issue one of the following recommendations.

Recommend (unconditionally):

- Technical aspects are compliant and sound and within the criteria established for state technology initiatives.
- The agency has done due diligence in terms of assessing risk, studying feasibility, defining scope and planning the project so as to adequately satisfy the needs of its business unit using technology appropriate to the requirements.

Recommend (with conditions):

- Same as Recommend (unconditionally), but with suggestions or requirements pertaining to the way in which the project is undertaken.

Pending Technical Review (PTR):

- Technical aspects are not yet fully known; iTIC requires the agency to update the Business Case and return for review and evaluation upon defining the proposed technical solution.
- The conceptual solution needs to be proven before iTIC will recommend unconditionally; agency is requested to return after proof of concept is complete, and iTIC will re-evaluate in light of the results thereof.

Do not recommend:

- The proposed technical solution is not compliant and cannot be permitted as specified; agency is requested to re-work the proposed technical solution and return for re-evaluation when complete. If this is not feasible, the agency is requested to provide documentation indicating the reasons for the non-compliant technical solution, and iTIC will re-evaluate in light of the facts presented.
- The agency is unable or unwilling to satisfy iTIC’s requests for additional information or will not participate in revising the proposed solution.

In instances where the recommendation is “Do not recommend,” iTIC will explain the reason for the recommendation given and will make every effort to work with the requestor to remedy the issues and move the Business Case toward a recommendation to proceed.

If you have any additional questions about the process, please refer them to your agency’s IRM.

Narratives

The narrative of your budget request should capture the background and mission, as well as provide highlights of your agency. The narrative is not intended to be more than two or three pages.

The narrative portion consists of the following components:

A. At a Glance

- High level highlights of your agency.
- No more than five bullets.

B. Overview

- Brief overview of your agency’s background and mission.

C. On the Web

- Website address for more information about your agency.

FISCAL YEAR 2018 OPERATING BUDGET

Submission Checklist

- ◆ Organizational Structure Changes (to Fiscal and Policy Analyst) by August 15, 2016
- ◆ Door Openers and Budget Request Forms (to Fiscal and Policy Analyst) by August 15, 2016

The Operating Budget Request is due October 14, 2016, and should include:

- ◆ Transmittal cover letter signed by Agency Head
- ◆ List of potential reductions amounting to 1 percent of Fiscal Year 2017 appropriation excluding Debt Service
- ◆ List of potential additional budget items amounting to 1 percent of Fiscal Year 2017 appropriation
- ◆ Complete department-wide ranking of all funding requests over and above the base budget
- ◆ Consolidation/Efficiency Areas Proposal
- ◆ FSB reports
- ◆ Budget Request Forms
- ◆ Information Technology Business Case Summary
- ◆ Narrative
- ◆ Electronic submission (narratives only)
- ◆ Pass Through Recommendations

Operating Budget Request Distribution (original plus three bound hard copies and three electronic copies)

Please do not distribute until your Fiscal and Policy Analyst has approved FSB entry.

J. Brian Maxwell Office of Management and Budget Haslet Armory, Third Floor D570E Dover, DE 19901	1 original w/cover transmittal letter signed by Agency Head (bound) and 3 hard copies (bound) 1 electronic copy of full submission and 1 electronic copy of narrative only in Word format (e-mail attachment) sent to Laura.Gott@state.de.us
James Collins Department of Technology and Information	1 electronic copy sent to Ronda.Ramsburg@state.de.us
Michael Morton Office of the Controller General	1 electronic copy sent to Dawn.Hill@state.de.us

**Agency/Department must deliver copies to the proper locations listed above.
The Office of Management and Budget will not be responsible for delivery of the budget requests.**

Capital Budget Guidelines

Capital Budget Instructions

Instructions and forms necessary to request capital funding for Fiscal Year 2018, and to reflect the capital plan for Fiscal Years 2019 and 2020, are outlined in this section.

General

The Bond and Capital Improvements Act provides funding for a program of state public works, major capital improvement projects, economic development initiatives and various minor capital improvements and equipment purchases. As such, state agencies, public school districts and higher education institutions, through the capital budget process, may request funding for the following types of initiatives, whether they are standalone projects or phases of major capital construction projects:

1. Studying the need of, or planning for, either new facilities or major renovations to existing facilities;
2. New construction or significant renovations to existing facilities;
3. Land acquisition;
4. Building infrastructure improvements to include heating, ventilation and air conditioning systems; electrical systems; and water/wastewater handling systems;
5. Minor capital improvements and equipment;
6. Transportation improvement projects; and
7. Technology projects.

When developing your agency's capital program request, please keep in mind that a significant portion of expected resources available for capital projects will be dedicated to the completion of ongoing projects and to mandated areas such as school construction. **Please be prepared to discuss projected capital requests during Target meetings.**

In addition, please keep the following factors at the forefront of developing your capital program request:

Coordination with State Land Use Policies

A greater emphasis will be placed on using the *Strategies for State Policies and Spending* (see <http://stateplanning.delaware.gov/strategies/>) when reviewing capital program requests. In order to promote efficient development patterns, protect agriculture and open space and make cost-effective infrastructure investments, for schools, roads and public safety, the four investment level map designations identified in the *Strategies* will be used as a tool in helping guide recommendations on capital investments.

Agencies and school districts that receive funds through the Bond and Capital Improvements Act for land acquisition or new construction must review their projects in advance with the Office of State Planning Coordination (OSPC). The OSPC website contains a page that provides guidance for agencies making requests, as well as a required land use questionnaire that must accompany your request (See <http://stateplanning.delaware.gov/services/budget.shtml>).

Projects associated with capital budget requests are required to go through the Preliminary Land Use Service (PLUS) process (See <http://stateplanning.delaware.gov/plus/>).

A greater level of detail regarding the investment levels, the *Strategies for State Policies and Spending* and the PLUS process can be found at <http://stateplanning.delaware.gov> or by contacting the Office of State Planning Coordination at 739-3090.

Historic Preservation

An agency that is seeking, or has received, federal funds for construction should contact the Department of State, Division of Historical and Cultural Affairs, State Historic Preservation Office (SHPO) to help determine whether a project review is required per Section 106 of the National Historic Preservation Act (54 U.S.C. §306108). Prior to construction, these reviews may require an archaeological or historic building survey and include consultation on findings and effects. Contacting SHPO before any engineering or architectural design work has started will help minimize impacts on the proposed construction timeline and/or budget.

Similarly, agencies should also contact the Division of Historical and Cultural Affairs/SHPO if a federal license or permit is required for construction, such as constructing a communications tower or if the proposed project potentially impacts wetlands, dams, reservoirs or other waterways. Section 106 of the National Historic Preservation Act reviews apply to these actions as well

Minor Capital Improvements vs. Major Capital Improvements

Minor Capital Improvements (MCI) include renovations, minor reconstruction and/or equipment with a life expectancy of 10 years or more and a total cost not to exceed \$750,000. MCI projects should focus on keeping state-owned facilities in their original condition and maintaining building efficiencies. As in prior years, MCI should be prioritized in relation to other projects in the capital budget request. More specifically, each project within the MCI request should be prioritized. A brief description of proposed MCI projects and estimates for a completion date and total project costs shall be included in your request.

The following items will not be considered for funding through MCI:

1. New or replacement computer hardware/software, phone systems and accessories or expendable supplies;
2. Purchase of fleet or non-fleet special vehicles;
3. New construction of free standing facilities;
4. Personnel Cost expenditures; or
5. Travel expenses.

Major Capital Improvements have a life expectancy of 20 years or more and include, but are not limited to, planning, land acquisition, construction, reconstruction and renovations in excess of \$750,000. Furniture and equipment associated with new construction or major reconstruction must have a life expectancy of 10 years or more. Purchase of fleet or non-fleet special vehicles for administrative or service delivery will **NOT** be considered.

You may contact Facilities Management within the Office of Management and Budget for assistance in estimating the cost and square footage requirements of major construction and reconstruction projects.

Project Funding Request Forms

Project Summary Chart

- 1) Rank all requested projects on a department-wide basis.

For each ranked project, please indicate the amount of state funding appropriated in the Fiscal Years 2016 and 2017 Bond and Capital Improvements Acts only (not the amount expended). If previously appropriated in the Operating Budget or authorized to Facilities Management for construction management, please asterisk the amount with a brief explanation at the bottom of the chart such as “Funds are authorized to the Office of Management and Budget.”

- 2) Indicate the amount requested for Fiscal Year 2018, and, if applicable, Fiscal Years 2019 and 2020. Requests should be rounded to the nearest hundred dollars.

Total all columns at the bottom of the page. Please make sure that all columns total correctly and the project dollars match the dollar amounts on the individual project descriptions.

- 3) Each project dollar amount is to be rounded to the nearest hundredth.

Project Descriptions

Complete a project description for each requested project. This also includes requests for the second or subsequent years of an on-going project.

- | | |
|----------------------------|---|
| Project Name | Number and list projects in department priority ranking. |
| Project Description | Provide a brief and informative paragraph describing the need for the project, including background data, key objectives and strategies that justify the project. |

If this is the second or subsequent year of a project, please use the existing language that appeared in the Fiscal Year 2017 Governor’s Recommended Capital Budget. Please begin each request with the phrase “Funding is requested for...”

Facility Data

Please complete both the present and proposed data charts for building renovation and replacement projects. Complete only the proposed chart for new construction where a current site or system does not exist. This information will provide an understanding of the scope and size of the project as well as an estimated completion date.

Operating Budget Impact

Provide a brief and informative paragraph describing any impact to the Operating Budget and complete applicable sections of the table. Please identify ongoing, as well as one-time costs and savings by fund type, appropriation description and fiscal year, including position and personnel cost impacts. If there are no Operating Budget impacts, denote as “No Operating Budget impact.”

Capital Request Funding

This information is required for all project types.

State Funds Authorized and Requested should show all previous fiscal year(s) in which funds were authorized in a Bond and Capital Improvements Act and the amounts as well as the funds necessary in future fiscal years to complete the project. In the case of on-going appropriations such as MCI, Maintenance and Restoration and Beach Preservation, please include appropriated funding from Fiscal Years 2016 and 2017, as well as Fiscal Years 2018, 2019 and 2020. For specific projects, please include total appropriated amounts for all of the fiscal years for which the project has received funding and all future fiscal years to complete the project.

Capital Funds from Federal and Other Sources should show all the previous fiscal year(s) in which funds were authorized and the amount as well as the funds necessary in future fiscal years to complete the project. If funds were received from sources listed in the “Other” column, please place an asterisk next to the word “Other” at the top of the column and an explanation under the chart. “Other” includes any funds from any source other than those in the Bond and Capital Improvements Act.

Quick Reference Guide of Information Required

Project Type	Project Summary	Description	Facility Data	Operating Budget Impact
MCI/M&R/Study	X	X		X
Renovations	X	X	X	X
New Construction	X	X	X	X
Transportation	X	X		X
Equipment	X	X	X	X
Technology	X	X	X	X

FISCAL YEAR 2018 CAPITAL BUDGET

Submission Checklist

The Capital Budget Request is due by October 14, 2016, and should include:

- ◆ Transmittal cover letter signed by Agency Head
- ◆ Project Summary Chart of projects in rank order
- ◆ Capital project descriptions for each requested project (Project Justification MUST include comments pertaining to land use goals)
- ◆ Electronic submission

Capital Budget Request Distribution (original plus two bound hard copies and three electronic copies)

J. Brian Maxwell Office of Management and Budget Haslet Armory D570E Dover, DE 19901	1 original w/cover transmittal letter signed by Agency Head (bound) and 2 hard copies (bound) 1 electronic copy (narratives only in Word format, e-mail attachment) sent to Laura.Gott@state.de.us
James Collins Department of Technology and Information	1 electronic copy sent to Ronda.Ramsburg@state.de.us
Michael Morton Office of the Controller General	1 electronic copy sent to Dawn.Hill@state.de.us

EXHIBIT A POSITION LIST

Position Data Entry Fields

- Department ID - identifies where the position is budgeted.
- Pay section - identifies the PHRST pay section from which the position will be paid. Pay sections can be found in PHRST.
- Action - indicates the action of the position change, such as new, delete, switch fund or reallocate or completed by agency.
- Budget position number - identifies the position with requested changes. For new position requests, TBD should be entered in the budget position number field. Please use formal eight digit BP# (e.g. 00001234).
- Job Code Description - identifies the position title as it appears in PHRST.
- Fund - identifies the Fund associated with the position or adjustment being made.
- Appropriation - indicates what appropriation the position is budgeted in.
- FTE Change (Hundredths) - indicate percentage of position. FTEs paid from one funding source should be entered as 1.00; casual/seasonal positions should have a 0.00 entry; and split funded positions should be referenced as paid in each appropriation (e.g. 0.50 and 0.50 NSF).
- Service level - references the service level related to the position adjustments, such as Base Adjustments, Inflation and Volume Adjustment, Structural Changes or Enhancements.
- Comments - must be entered to explain request (e.g. Reallocate to IPU and Reallocate from IPU, IPU should be referenced as XX-XX-XX; Switch fund to GF and Switch fund from ASF).

EXHIBIT C
OPERATING BUDGET REQUEST FORM

OPERATING BUDGET REQUEST FORM - FISCAL YEAR 2018

Department/Division/IPU:	
Priority Number*:	
Request Title:	

*If there are multiple components within a priority, please clarify sub-priorities.

A. Detailed Summary and Background of Budget Request:

Provide a succinct paragraph which should include dollars/FTEs. This summary should include background information and justification for the request.

B. Consequences if Budget Request is Not Funded:

Provide specific potential impacts and outcomes (e.g. service volume impacts or potential waiting lists) if the budget request is not funded.

C. Appropriation History:

Please complete the table below. If expenditures are greater than the budget for any year, identify alternative appropriations used to cover the deficit.

	BUDGET				EXPENDITURES			
	GF	ASF	NSF	Total	GF	ASF	NSF	Total
FY 15								
FY 16								
FY17								

*If appropriations are continued into the next fiscal year, please only include the amount expended in the budgeted fiscal year.

D. Calculations for Budget Request:

Provide funding/FTEs for your budget request in the table below. If there are multiple components to the request, please complete a separate table for each component.

Appr. Number	Appr. Name	FY18				Out Years (General Fund Only)		
		GF	ASF	NSF	Total	FY19	FY20	FY21
	Total Dollars							
	FTEs							

EXHIBIT C

OPERATING BUDGET REQUEST FORM

*Out years should be annualizations (new funds) and should not include base funds from prior years.

E. Assumptions for Calculations:

Provide exact calculations, formulas, and source of numbers used in calculations.

F. Implementation Schedule:

Provide a timeline for the request (i.e. when will program/project begin, when will FTEs be hired).

G. Performance Measures or other Pertinent Information:

Provide relevant performance measures to support this budget request.

H. Collaborations with Other Government Agencies/Non-Profit Organizations (if applicable):

Provide information on contributions of other organizations (i.e. in-kind services or other resources).

I. Impact on Other Government Agencies/Non-Profit Organizations (if applicable):

Provide positive and/or negative impacts of this budget request on other agencies/organizations.

J. Statutory and Federal Authority:

Provide relevant citations from state and federal laws/regulations which support this budget request.

K. Comparability to Surrounding States (if applicable):

Is this program/service provided in New Jersey, Pennsylvania and/or Maryland? Provide quantitative measures to describe the funding in Delaware comparative to the surrounding states.
