It may be a straight lease (i.e. rental) or a lease-purchase through which the asset is required. A capital lease-purchase arrangement provides for the acquisition of fixed assets over a period of time during which the vendor of the leased property or a third party (as in the case in the State’s Master Lease Program) provides the financing.</p>	<p>A lease is defined as a contract that conveys control of the right to use another entity’s nonfinancial asset as specified in the contract for a period of time. Examples of non-financial assets include buildings, land, vehicles and equipment.</p> <p>To determine whether a contract conveys control of the right to use the underlying asset, it should include:</p> <ul style="list-style-type: none"> •The right to obtain the present service capacity from use of the asset as specified in the contract. •The right to determine the nature and manner of use of the asset as specified in the contract. <p>Leases include contracts that, although not explicitly identified as leases, meet the definition of a lease. A report of the data in FSF will be generated and sent to Organizations for verification. Organizations must notify DOA of any errors or discrepancies.</p> <ul style="list-style-type: none"> ▪ If an Organization did not make any reportable payments from the Organization's internal checking accounts, Organizations will need to enter the State of Delaware's E.I. number, 516000279TN in the E.I.N./S.S.N. block of the 1099, the Organization and Department, and \$0 in the miscellaneous block of the form. ▪ Organizations must include payments from ALL internal Organization checking accounts, including petty cash accounts (ALL applicable payments other than through FSF). ▪ Organizations should report only one amount per individual. If multiple payments have been made to the same vendor, the payments must be consolidated into one amount. ▪ The general rule is that a 1099 must be filed if the total payments, to individuals and/or partnerships for services, are \$600 or more. However, Organizations must report ALL payments to individuals (including State employees and/or partnerships) for services, regardless of the amount, because the recipient may have performed services for other State Organizations, whether recorded in FSF or on other internal checking accounts. <p>NOTE: Per IRS regulations, all attorney fees (including law firms or other providers of legal services) using an Employer Identification Number (EIN) or a Social Security Number (SSN) must be reported.</p>	<p>DOA produces IRS Information Returns annually for payments made through FSF. Rent, medical and health care payments, and payments to attorneys are also reported on a Form 1099-MISC. Also reported are agricultural payments on a Form 1099-G and interest income on a Form 1099-INT.</p> <p>DOA consolidates all Form 1099 reportable payments to vendors into a single file for 1099 reporting. Any State Organization that files a paper 1099 is subject to a fine/penalty for each form submitted to the IRS per Section 6011(e)(2)(A) of the Internal Revenue Code. Exceptions to this rule include Organizations that produce Forms 1099 of a unique type or for a unique purpose. All exceptions must be reviewed by DOA.</p> <p>Vendor 1099 reportable status is established when the vendor submits a Delaware Substitute Form W-9, which can be found on the DOA website, www.accounting.delaware.gov.
