

Project Summary Chart

State Capital Funds

	FY 2021	FY 2022 Request	FY 2022 Recommended	FY 2023 Request	FY 2024 Request
1. Aglands Preservation Program*	\$ 5,000,000	\$ 10,000,000	\$ -	\$ 10,000,000	\$ 10,000,000
2. Cover Crop Investment	\$ 1,000,000	\$ 2,900,000	\$ 2,900,000	\$ 2,900,000	\$ 2,900,000
3. Minor Capital Improvement and Equipment	\$ 525,000	\$ 525,000	\$ 525,000	\$ -	\$ -
Total	\$ 6,525,000	\$ 13,425,000	\$ 3,425,000	\$ 12,900,000	\$ 12,900,000

*Alternative project funding is recommended from the Realty Transfer Tax.

1. Aglands Preservation Program

Funding is requested for the Agricultural Lands Preservation Program. The foundation has permanently protected 139,000 acres at a cost of more than \$245.0 million using a combination of state, federal and county funds. Additionally, landowners over the life of the program have donated \$350.0 million to the foundation - representing a discount of 58 percent of the value of their easements. Landowner interest continues - in the most recent round of easement selections (Round 24), 190 properties were appraised, 67 owners submitted bids and 65 were selected. This request provides sufficient funding to match any federal and county contributions, purchase easements on properties that do not qualify for federal funds, and operate the program.

Funding Schedule

	State	Federal	Other*
FY 2021	\$ -	\$ -	\$ 5,000,000
FY 2022	\$ -	\$ -	\$ 10,000,000
FY 2023	\$ -	\$ -	\$ 10,000,000
FY 2024	\$ -	\$ -	\$ 10,000,000
Total	\$ -	\$ -	ONGOING

*The source of Other funds is Realty Transfer Tax.

2. Cover Crop Investment

Funding is requested to continue the state's cover crop program to improve water quality and soil health. These funds help to offset the costs for farmers to plant cover crops (these crops are not harvested and thus do not provide any income for the farmer). Research shows that cover crops are the best tool in Delaware - environmentally and economically - to reduce agricultural nutrient runoff and help improve water quality. Furthermore, cover crops help to mitigate climate change by sequestering carbon, improving soil health, improving resiliency of fields to pests, and reducing the amounts of fertilizers and pesticides required. Additional funding will help Delaware reach its nutrient reduction goals for the Chesapeake Bay as well as for the Inland Bays and Delaware River and Bay. These additional state funds could also be used as match to U.S. Environmental Protection Agency 319 grant funds, US Department of Agriculture Natural Resources Cost Share Regional Conservation Partnership Program awards, National Fish and Wildlife Foundation grants and other conservation grants for new alternative uses for manure, innovative renewable

Agriculture

energy projects, infrastructure for drainage projects and irrigation to improve climate change resiliency, and even new sources of farmland preservation funds.

Funding Schedule

	State	Federal	Other
FY 2021	\$ 1,000,000	\$ -	\$ -
FY 2022	\$ 2,900,000	\$ -	\$ -
FY 2023	\$ 2,900,000	\$ -	\$ -
FY 2024	\$ 2,900,000	\$ -	\$ -
Total	ONGOING	\$ -	\$ -

3. Minor Capital Improvement and Equipment

Funding is requested to maintain facilities in good condition and provide regular equipment replacement. To include the following projects:

- Weights and Measures LPG Prover;
- Poultry and Animal Health Laboratory necropsy floor resurfacing;
- Poultry and Animal Health Laboratory necropsy lab sink, counters, cabinets and lighting replacement;
- State Forest buildings energy efficiency upgrades;
- Ag Compliance Laboratory instrument replacement;
- Wildland Fire Program brush truck replacement; and
- Poultry and Animal Health Lab autoclave replacement.

Funding Schedule

	State	Federal	Other
FY 2021	\$ 525,000	\$ -	\$ -
FY 2022	\$ 525,000	\$ -	\$ -
Total	ONGOING	\$ -	\$ -
