State Auditor
OMB Budget Hearing
Fiscal Year 2023

The Honorable Kathleen K. McGuiness
November 18, 2021
Mission Statement

The Delaware State Auditor serves Delawareans by providing independent objective oversight of the state government’s use of taxpayer dollars with the goal of deterring fraud, waste and abuse through unbiased assessments, including the use of various audits, special reports, and investigations of financial operations designed to ensure statutory compliance while enhancing governmental economy, efficiency and effectiveness.
Accomplishments

In the first 6 months of 2021, OAOA has identified $111.6 million in efficiency savings, government overspending and potential tax revenue.

- Identified $24.5 million Express Scripts Inc. overcharged the State of Delaware for its state employees’ prescription drug plan from 2018 through 2020.
- The Department of Corrections could have saved up to $44.1 million over seven years in pharmacy and prescription drug costs for inmates without compromising services.
- OAOA estimates that regulating the sale of marijuana would generate more than $43 million in tax revenue.

Given our annual General Fund budget of ~$2.8 million, that’s a ROI of more than 39 times our annual spend.
Accomplishments

Received over 1,000 Hotline Communications in FY21. (That’s greater than the number of tips made over the last decade combined!)
- Calls made to 1-800-55 FRAUD/submitted via the fraud app: fraud.Delaware.gov/letters via U.S. Mail
  
  Fun Fact: Half of all fraud findings come from tips from the public.

Launched Project: Gray Fox
- Provides transparency in American Rescue Plan Act spending
- Creates a one-stop-shop for municipalities and school districts to modernize staff processes for budgeting, planning, reporting and engagement with their communities
- Meets the U.S. Treasury reporting standards for all but six of Delaware’s municipalities

Delaware State Auditor
Annual Comprehensive Financial Report (ACFR)

- Delaware’s yearly fiscal report card
- Impacts the state’s bond rating and tells financial investors whether Delaware is a safe bet for investment
- Federally mandated and could affect Delaware’s receipt of federal funding if not completed on time
The Single Audit is an audit of federal funding allocated to states.

If the Single Audit is not completed, all state agencies risk losing eligibility for federal monies they receive to help Delawareans.
The Systems and Organizational Controls (SOC) report is a way to verify that an organization is following best practices for internal controls related to finance, security, processing, integrity, privacy, and availability. These reports are prepared by independent CPA firms.

Increase Contractual Services General Fund Budget

Existing budget fails to cover the full cost of the three biggest, constitutionally mandated audits:

✓ The Annual Comprehensive Financial Report (ACFR)
✓ The Single Audit (SA) and
✓ The Systems and Organizational Control Audit (SOC)

If we encumber the full amount of funds needed for those audits alone ($1,177,200), we will already exceed our total General Fund contractual budget of $783,300 by $393,920. It is worth noting the cost of the Single Audit has increased nationwide.

29 Del. C. Ch. 29 §2906(d) states:

“The expenses incurred for the performance of such agency postaudits upon authorization of the Auditor of Accounts shall be charged:

“(1) To general fund appropriations of the General Assembly to the Office of Auditor of Accounts for Audits of general fund activity;

“(2) To capital appropriations of the General Assembly to the several agencies for audits of capital fund activity; and

“(3) To general fund appropriations and/or special fund accounts for audits of special fund activity. If there is any question as to the proper accounts to be charged, the question shall be resolved by agreement between the Auditor of Accounts and the Director of the Office of Management and Budget.”

- The State Auditor’s Office provides independent objective oversight of state government’s use of taxpayer dollars. The State Auditor’s Office is responsible for conducting financial audits and independent assessments for state agencies, including the Department of Justice and agencies who depend upon their legal counsel.

- OAOA is requesting additional contractual services funds in the amount of $150,000 to retain independent counsel to better serve the interests of Delawareans and ensure appropriate legal representation for the state’s independent fiscal watchdog to avoid any conflicts of interest.

The Honorable Kathleen K. McGuiness  
Delaware State Auditor
Operating Budget Request: Increase Contractual Services General Fund Budget

✓ FY23 Request of additional $1,050,028 to GF contractual budget to fully cover the cost of the ACFR, SA, and SOC, as well as other required office costs that are paid from the contractual budget.

✓ Failure to fully cover these essential responsibilities means OAOA will once again have to pull funds from ASF and from OMB to cover the full cost or risk Delaware losing its AAA bond rating and ability to obtain federal monies and other financing opportunities.
Operating Budget Request: Personnel: Transfer Seven (7) ASF Positions to GF
Operating Budget Request:
Personnel: Transfer Seven (7) ASF Positions to GF

• Currently OAOA has seven positions that are ASF funded, and all seven are vacant.

• The office has only 26 allocated positions total.

• This represents more than 25% of staff positions that are not (and cannot) be filled without moving these positions’ funding to General Funds.
Special Funds (ASF) Revenues Decreasing

Note: FY21 represents ASF Receivables
Conclusion

• FY23 Request of additional $1,050,232 to General Fund Contractual budget to fully cover the cost of the ACFR and related audits, as well as other required office costs that are paid from the contractual budget.

• Move 7 personnel positions from ASF funding to GF.
Thank You
